

BRIGHT EYES™ Rejuvenate & Repairing Eye Cream

This Fabulous Eye Cream cools, soothes, moisturizes and nourishes your delicate eye area while it reduces puffiness, tightens eye bags and lightens those dark circles, too! It's absolutely amazing.

BRIGHT EYES™ Rejuvenate & Repair Eye Cream was formulated as a companion for TransformEssence Skin Nutrition Cream, however, it is also an excellent product on its own.

Directions: Apply a tiny amount of BRIGHT EYES™ to clean, damp skin. Circle your entire delicate eye area from your eye lids to the sides of your eye and the skin below.

Use BRIGHT EYES™ during the day and at night before bedtime. For optimal results, apply BRIGHT EYES™ first, allow to absorb, and then apply [TransformEssence™](#).

A Few Testimonials for BRIGHT EYES™

Dark circles and a general tiredness around the eyes is my only skin care issue, but it's a real one. I'd gotten to a point where I'd sort of given up on improvement. I just wanted something to prevent further decline. But to my great joy, Bright Eyes™ has this effervescent effect on my under eyes and lids that is improving the tightness, tempering the dark circles, and giving my eyes a more awake look. I've been using it for 4 months and highly recommend this product!
